acunoveleiged talent.

The warm, spring-like weather has caused many of trees and shrubs to bud out for their spring attire. Grass, too, in some places is high enough to make teeth-pum morsels for stock.

The White Scarf' was repeated last evening by the Fourth ward dramatic association. The puce was presented a stort time ago and draw aful house. Last evening was only a repetition of the former success, as standing room was at a premium. The inembers of the company were, if possible, a little more familiar with their parts and the smoothness which characterized their work was commented on by many. "My Very, Last Proposal," an amusing piece, was on the former occasion given as an afterpiece, and was much enjoyed.

The Third Ward Dramatic association held forth last evening in their meeting house, corner of Second and Young streets, and presented to a good sized authence the sterling drama entitled "The Dream of Wealth; or The Lady of Gircy." The company is well known in this city, having played in their own ward for many years with few changes, and fully sustained their envisable reputation has evening. Ole Burked's orchestra furnished the musical part of the evening's entertainment in their usual acceptable manner.

Aliyely foot race was run at Lester park

of the evening's entertainment in their usual acceptable manner.

A lively foot race was run at Lester park vosterday afternoon. The contestants were will Wright, of this city, and a colneed mannamed Harper, of Denver. Considerable momey was deposited even up before the hour of the race, but on the grounds proofs were sold which showed Harper to be the favorite. Patrick Hoaly backed Wright from the start, and reaped a large roll in consequence. The distance run was seventy-five yards, and Wright got there by about six feet in advance of his opponent. The betting was very spirited, and it was estimated over \$1,000 changed hands when the result was announced.

The job printing office connected with the Standard has been purchased outright by Browning H and the outfit was being moved yestern., to the rocus of its new systems. The dispensing with job printing field its secompanying veratious details is being adopted by all progressive newspapers in she country. The Standard is doing precisely what Tun Hunaun did several months age and its whole energy will be centered on the business of running a live appearance of time and by the acquirement of the Standard's plant expect to double their facilities and patronage. The purchase price was said to be in the vicinity of \$2,000.

City Council.

The mayor being absent, Alderman Shill ling called the council to order. After the all but one objected. The petition of E. A. Reed for permission to construct a building on the corner of Main and Fifth streets, was tabled. Hirum Anderson, a salcon-keeper, at Five Points, asked that his successor. Messra Thornburn and Wardley wanted the use of the pavilion on Wednesday evening, May 1, for a children's picule and ball. The south one-half of block 72, plat "C," was replatted and accepted, Committee on laws recommend that the laws governing barber shops remain as it is Adopted, Committee on tarcs recommend that the tax on female dogs be raised to \$10, and that the tax collector be allowed \$1 for - ch dog that he kills and buries. kills and buries.

Mr. Griffin, of the finance committee, made a report for the fiscal year of 1888, as follows:

day, and man with team \$3.50, tea hours to constitute a day's labor. The tax collector is to receive 35 per cent. of all moneys cel-lected and \$1 for each dog killed and buried. All other officers are to receive the same pay as last year. The city attorney reported that the coun-cil had the right to lay out streets through any block, after which the council ad-journed for one week.
